PIPING AND OCTG INSPECTION SERVICES

Kelfin Kian Integrated Services offers quality tubular inspection services to support and optimize client's operations. We deliver tubular Inspections ranging from the basic tubular inspections to the more critical inspection areas. All inspection services are provided as per latest API Specifications and DS 1 Cat 1 - 3 Specifications to ensure that we meet customer specifications and expectations.

We deliver inspection of new and used Oil Country Tubular Goods (OCTG) covering:

Drill Seams

Heavy Weight Drill Pipes

Drill Collars

Casing

Tubing

Bottom Hole Assembly

Inspection Services we offer are:

- ◆ Visual Pipe Inspection
- ◆ Dimensional Inspection of Pipe
- ◆ Ultrasonic (UT) wall thickness inspection
- ◆ Ultrasonic (UT) Inspection of Upsets and three feet end area
- ◆ EMI Inspection by Spectrograph 2000
- ◆ Visual Thread Inspection
- ◆ Tool Joint Dimensional Inspection
- ◆ Dimensional Inspection of Rotary Shoulder
- ◆ Magnetic Particle Inspection (MPI) of Pipe Body and Upsets

NON-DESTRUCTIVE TESTING SERVICES

Kelfin Kian Integrated Services provides NDT services to assist with asset integrity appraisals at fabrication, in-service or decommissioning stage.

Our inspectors are multi skilled and are certified to SNT level II in accordance to SNT-TC-1A in different NDT techniques such as MT, PT, VT, UT, RT and ET. At Kelfin Kian Integrated Services we constantly review our operating procedures to suit the current changes in NDT standards.

- ◆ **Magnetic Particle Inspection**
- ◆ **Dye Penetrant Testing**
- ◆ **Visual Examination**
- ◆ **Ultrasonic Testing covering Thickness measurement and Flaw Detection**
- ◆ **Eddy Current Testing**
- ◆ **Baseline thickness measurement and inspection services**
- ◆ **Surveillance and Inspection services covering Civil, Mechanical, welding, electrical, instrumentation, statutory, and vessel inspection.**
- ◆ **Technical NDT manpower supply for QA/QC services**
- ◆ **Underground Pipeline detection and route mapping**
- ◆ **Corrosion monitoring and mapping**
- ◆ **Ultrasonic wall thickness survey services**

EFFECTIVE ULTRASONIC PIPELINE INSPECTION

WE OFFER COMPREHENSIVE PIPING & OCTG INSPECTION SERVICES

It is the aim of Kelfin-Kian Integrated Services Nigeria Limited to provide superior customer service to clients through an innovative and quality approach.

CALIBRATION SERVICES

PRESSURE GAUGES

Kelfin Kian Integrated Services calibrates and certifies mechanical, electrical, temperature and pressure gauges. We calibrate gauges against dead weight testers, and in the process carry out leak tests through a heat exchanger vessel.

PRESSURE RELIEF VALVES

We also calibrate and issue certificates for Oil and Gas installation pressure relief valves (PRV) using a fully computerized offshore certified PRV and gauge calibration unit.

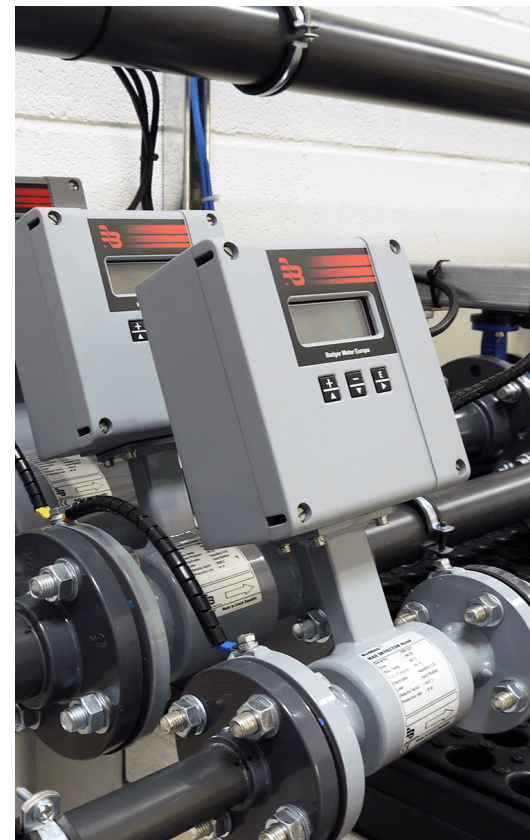

OIL AND GAS INSTRUMENTS CALIBRATION

Our Instrument Calibration services which cut across the upstream and downstream sector of the oil and gas industry, include but not limited to:

- Fiscal / Laboratory Equipment
- Glass wares Gauges
- Recorders Transmitters
- Metering
- Tanks
- Meter Proving

CALIBRATION SERVICES

Pressure Guages
Pressure Release Valves
Oil & Gas Instruments

We calibrate and certify PRV's, Laboratory Equipment, Glass wares Gauges , Recorders, Transmitters, Metering Instruments, Tanks, mechanical, electrical, temperature and pressure gauges.

INSTALLATION AND MAINTENANCE OF METERING SYSTEMS

Kelfin Kian Integrated Services offers full integrated metering solutions that give clients peace of mind during their operations by ensuring maximum accuracy during flow measurement and allocation.

We install and perform maintenance of the following underlisted solutions.

- ◆ **Flow Metering and Custody Transfer**
- ◆ **Hydrocarbon Auto sampling**
- ◆ **Tank Gauging and Oil Movement**
- ◆ **Moisture and Gas Analysing**
- ◆ **Flare Metering**

METERING SKIDS

Through our OEM partnerships, Kelfin Kian Integrated services offers a complete solution for fiscal metering requirements for clients and stakeholders in the oil and gas industry.

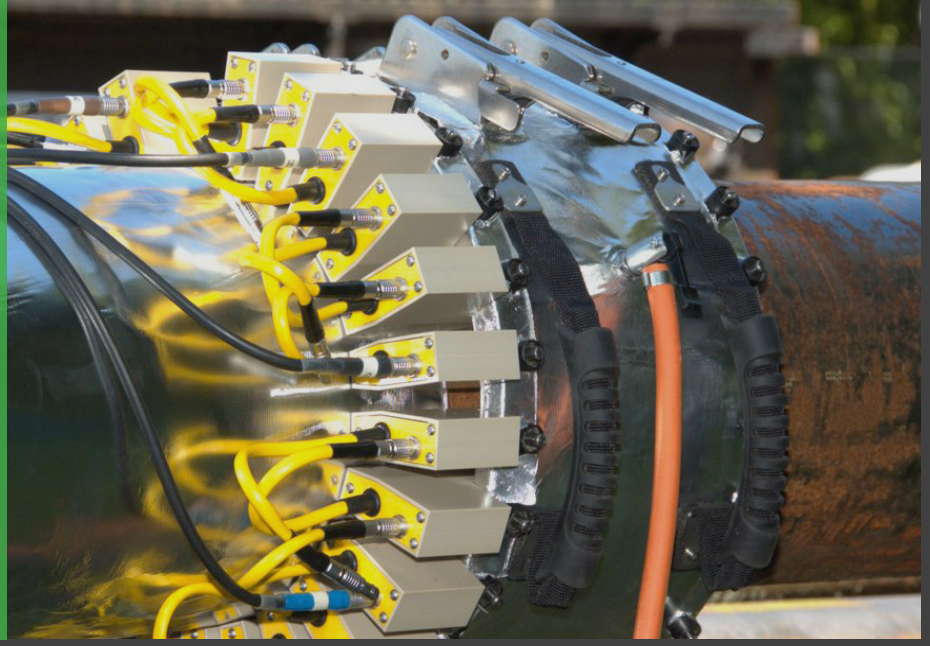

We procure, install, commission and maintain the following;

Crude Oil Custody Transfer Metering Unit
Gas Custody Transfer Metering Skid
Produced Water Metering Skid
Fiscal Metering Skid.

Magnetic Particle Inspection
Dye Penetrant Testing
Visual Examination
Ultrasonic Testing
Eddy Current Testing
Baseline thickness measurement

NDT SERVICES

Visual Pipe Inspection
Dimensional Inspection of Pipe
Ultrasonic (UT) inspection
EMI Inspection
Visual Thread Inspection
Tool Joint Dimensional Inspection

OCTG INSPECTIONS

Valves and Actuators,
Flanges and Pipe fittings,
Tubulars (OCTG), Pumps,
Compressor Spares, PPE's,
Heavy Duty equipment
and Machinery

PROCUREMENT SERVICES

ENGINEERING, INSTALLATION AND CONSTRUCTION SERVICES

Kelfin Kian Integrated Services boasts of a highly skilled engineering team and we have all the equipment, tools and materials to timely complete complex and large-scale installation and construction projects.

Our well qualified and hands on construction team with many years of experience provides quality and timely solutions to client's installation projects, onshore and offshore production facilities, platforms and process facilities.

POLICY

STATEMENTS

HSE Policy Statement
Quality Policy Statement
Nigerian Content Policy Statement

HSE POLICY STATEMENT

Kelfin Kian Integrated Services has the following priorities and prerequisites in conducting its business:

- The safety of staff during working operations.
- The health of Kelfin Kian Integrated Services personnel, customers, suppliers and contractors.
- Minimising environmental impacts associated with its activities.
- Keeping the authorities and the public informed.
- Compliance with applicable legislation

The following principles must be applied every day and at all sites in order to succeed in our commitment:

- Remove or alleviate hazardous situations in order to minimize risks to personnel.
- Set HSE performance objectives, measure results, assess and continually improve processes, through the use of an effective management system.
- Monitor the health of our personnel on a regular basis to ensure that workers have the physical ability to perform their duties.
- Guarantee and monitor that our activities have minimal impact on the environment.
- Minimize our impact on the environment through pollution prevention, reduction of natural resource consumption and emissions, and the reduction and recycling of waste.
- Apply our technical skills to all Health, Safety and Environment aspects in the design and engineering of our services and products
- Promote awareness of issues relating to Health, Safety and Environment towards our employees and contractors, improving their individual skills through appropriate training programs and information.
- Develop, maintain and test procedures and resources for dealing with emergencies in order to reduce the impact of incidents to a minimum.
- Report and analyse all accidents, incidents and anomalies.
- Monitor our performance and check our management system in order to improve rules and procedures in conducting our activities.
- Maintain a consistent and transparent dialogue with authorities, local realities and other stakeholders, openly communicating our HSE policies, standards, programs and performance.

As managing director at Kelfin Kian Integrated Services, I am committed to ensuring that our organisation, our resources, procedures and practices enable us to achieve these objectives.

We can reach our objectives together by setting an example and by the ongoing and sustained commitment of management and staff.

In my behalf, I will personally and regularly make sure that our goals are being reached.

Kelechi Uchenna
Managing Director

QUALITY POLICY STATEMENT

It is the aim of Kelfin-Kian Integrated Services Nigeria Limited to provide superior customer services to clients through an innovative and quality approach whereby procedures are not complicated, regularly reviewed and enhanced to ensure consistent equipment performance and quality of services delivered to specification.

We believe our company's policy and commitment to quality will contribute greatly to our business performance. Kelfin-Kian Integrated Services shall provide its customers with quality and innovative products and services meeting external and internal requirements and expectations.

To fulfil our commitments, we will:

- Apply high standards for well maintained, efficient and innovative equipment.
- Maintain a management system containing all our processes and procedures and make them readily accessible.
- Comply with the ISO 9001 standard.
- Comply with applicable laws and regulations.
- Have a structured approach to embedding risk management into our processes.
- Promote a culture that supports our commitment to quality management.
- Coach our employees in understanding how their activities influence the quality of services.
- Implement Lean and Six Sigma methodologies for process improvement.
- Require our key suppliers and contractors to manage quality in accordance with this policy and use our influence on others.
- Rigorously monitor our performance and relentlessly pursue improvements in every aspect of our work.
- Seek feedback from employees, customers, regulators and other stakeholders on ways to improve.
- Drive continual improvement of quality through open communication and innovative thinking.

Through exercising our core values and principles in everything we do; we utilize continuous improvement and quality management to maintain and deliver a consistent performance to our stakeholders.

Kelechi Uchenna
Managing Director

Our local content policy is galvanized by our resolve to build a world class company managed by well-groomed Nigerian professionals.

It is our policy to comply with the Nigeria Content Directive of the Federal Republic of Nigeria on local content , materials, suppliers and manpower from Nigeria and to make use of services and facilities, professional or otherwise which are rendered by Nigerians or companies incorporated in Nigeria, except when after proper research, such services/facilities are not available in Nigeria.

- ◆ To fully comply with the NCD directive, Kelfin Kian Integrated Services shall domicile all engineering activities in-country as well as location of the project management team (PTM) and project procurement centre (PPC) in-country and carrying out in-country maintenance of tools and equipment.
- ◆ Show commitment in meeting with the Nigerian Content targets of the Federal Government of Nigeria of achieving a minimum of 70% Nigerian Content, in terms of total monetary expenditures through the deliberate utilization of Nigerian human and material resources without sacrificing safety, health and environmental standards.
- ◆ Show commitment by deliberate addition or creation of value in-county via capacity building of locals, Technology transfer programs, Technology mentorship programs, increasing physical operational presence and investment in Nigeria, creating opportunities in human resources, development of Nigerian contractors and suppliers and implementing various innovation that will increase Nigerian content development in Nigeria.

The enforcement and implementation of this policy shall be the responsibility of the Chief Executive Officer.

The Management, all and sundry shall work assiduously to abide by the above-mentioned policy and improve in our key performance indicators.
